SinuCleanse®

The media talks about the SinuCleanse® System and consumers listen.

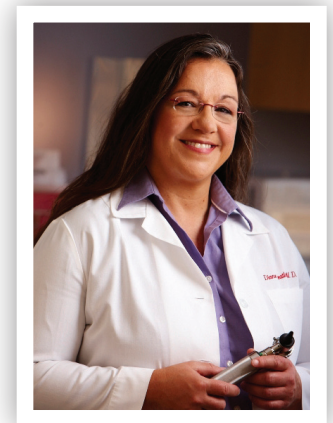

A safe and easy way to Breathe Better Instantly

The SinuCleanse® Neti Pot is medically proven to provide comfortable and soothing relief from congestion and sinus symptoms.

Over 50-million Americans have recently seen and heard experts raving about the benefits of SinuCleanse®.

- The world's top-rated daytime talk show host devoted two lengthy segments of her show to nasal washing with 25-million loyal viewers tuning into each segment.
- Dr. Peter Gott, a medical advice columnist reaching over 16-million people nationwide every week, devoted an entire column to the SinuCleanse® System.
- NPR (National Public Radio) aired a segment on the benefits of the SinuCleanse® System that reached another 5-million potential nasal washers.
- USA Today reached an additional 2.5-million potential nasal washers with a story in their health section featuring the SinuCleanse® System and Dr. Heatley.
- Health magazine ran a story about the SinuCleanse® System reaching 1.5-million readers.

The consumer demand for the SinuCleanse® System is greater than ever and growing every day. Place your order today!

Dr. Diane G. Heatley, M.D.
The Sinus Expert

In 1997, Dr. Diane G. Heatley developed the SinuCleanse® nasal washing system to relieve her patients' uncomfortable sinus and nasal symptoms.

The all-natural SinuCleanse® System has been medically proven to provide the most effective relief and is the safest and easiest way to Breathe Better Instantly.
